DETAILED ACTION

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard Tushin on June 24, 2009.

The application has been amended as follows:

1. Claim 4, line 1, please delete (communication device) and add ----hearing aid device----.
2. Claim 5, line 1, please delete (communication device) and add ----hearing aid device----.
3. Claim 6, line 1, please delete (communication device) and add ----hearing aid device----.
4. Claim 7, line 1, please delete (communication device) and add ----hearing aid device----.

5. Claim 9, line 1, please delete (communication device) and add ----hearing aid device----.

Allowable Subject Matter

1. Claims 4-7, and 9 are allowed. The following is a statement of reasons for the indication of allowable subject matter: Independent claim 9 recites the unique features of a generally L-shaped cover which includes a first wall part that extends along said first side of said receiver, a second wall part that extends along said second side of said receiver, and a beam which extends away from said second wall part; a flexible extension pole which extends between said beam and said third side of said receiver, a flexible suspension tube which extends from an opening in said first wall part to said opening in said first side of said receiver. The prior art does not teach these features.
